I have completed my graduation with 8.75 cgpa. My minor training was from BORL Refineries BINA and major was from Internshala.

## PORTFOLIO

### Honor Roll

I have been a scholar throughout my degree in all semesters. I have made my project on Temperature monitoring system using iot. I have been a part of FIAT Club at my college that focused upon all round development and also a member of SPORTS Club and Basketball team

### Minor Project

Water level indicator using led and alarm system.

Description: This project usually deals with gauging and managing water level in water tank. "The Water Level Indicator employs a simple mechanism to detect and indicate the water level in an overhead tank or any other water container."

### Major Project

Temperature monitoring system using iot.

Description: It is made using iot in order to monitor the temperature change inside refrigerator and thereby maintain its proper temperature according to environment.
